SUBJECT: Payroll Recommendation Letter for Kenneth P. Hrin

This letter is about recommending Kenneth P. Hrin, President of Greentree Accounting and Union Payroll Solutions, as a reliable and accurate payroll processing specialist.

Our company, Mercom Group LLC, is a boutique staffing agency specializing in Information Technology & Life Sciences staffing, providing our customers with temporary consultants worldwide.

Greentree Accounting have been accurately processing payroll for over 4 years with our in-house employees and contractors located in many States throughout the country. Since working with Ken for the past 4 years we have never missed a payroll deadline.

Ken has the accounting and auditing background to make sure we are compliant with government payroll regulations and with the various taxing authorities. Greentree Accounting has excellent knowledge on benefits, such as our Simple IRA, Health Care Insurance and other payroll deductions which helped our company retain employees and consultants. Additionally, as part of his payroll services, Ken performs our workers compensation audit each year.

In summary, I highly recommend Ken and his company for providing payroll solutions to any employer's business to assist that business in growing and being successful.
